

325 SS

Super Sentry Series Architectural Aluminum Window Systems

With a .125" wall construction and high AW rating, the 325 Super Sentry Series from Capitol is a versatile window system designed for outstanding durability and performance. Capitol 325 Super Sentry Series window systems minimize air infiltration, limit temperature transfer, and offer aesthetic enhancement to any project.

Features

- * Thermal-break barriers reduce conductive heat loss, condensation and frost build-up
- * Fixed, project-in, project-out, casement
- * Crimped sash corners improve structural performance
- * Vent = .125" thickness / Frame = .125" thickness
- * Insulation U-Value range of .28 - .44 (Varies depending on glass type)
- * Double compression weather-stripping prevents air and water infiltration
- * Available with flush face option on operable sash
- * 3-1/4" AW performance rated window
- * Multiple trim systems include subframe, mullion, panning, and sills
- * Tubular sliding wicket screen available
- * Equipped with high quality hardware
- * Integral 5/8" mini-blinds with hinged or screw-applied blind sashes available
- * Factory glazing available
- * Glazing: 1/4", dual-glazed, or 1" insulating glass, 1", 2", 2-1/2" insulated panels available
- * Custom sizes to fit almost any application
- * Available in a variety of anodized or painted finishes
- * Internal or surface applied muntins available
