

5000 FAP

FLUSH ALUMINUM PANEL (FAP) Entrance Systems

Flush aluminum door leaves are manufactured with a durable foam core and sturdy aluminum frame designed to withstand high traffic conditions. Flush aluminum doors utilize double astragal weather-stripping to resist water and air infiltration.

Features

- * Single or multiple ¼" or 1" pre-glazed or open vision-lite arrangements
- * Double weather-stripping to resist water and air infiltration
- * .125 Hardboard backers make the FAP door impact resistant, reducing dents
- * .040 fluted aluminum sheet or .063 smooth aluminum sheet (5005 Alloy)
- * Class I 6.0 lb/ft³ polyisocyanurate foam insulated core (CFC/HCFC - Free)
- * Accommodates various commercial hardware, louvers, security grates, and vandal screens
- * Available in anodized and painted finishes
- * Internal hardware reinforcement
- * Fully extruded 4 1/2" internal aluminum tubular frame
