

STRATEGIC PROCUREMENT & RENOVATION SOLUTIONS FOR SCHOOLS

Real Savings with Capitol!

We understand that every dollar truly counts for Ohio school districts. You're dedicated to creating the best possible learning environment, and often, that means tackling aging facilities – even when budgets feel stretched thin.

This is where Capitol Aluminum & Glass, an OSC (Ohio Schools Council) and TIPS (The Interlocal Purchasing System Preferred) Vendor, steps in as your strategic partner. We offer Strategic Procurement & Renovation Solutions for Schools, providing a fully vetted, cost-effective, and efficient pathway to procurement designed specifically for public education.

Why Partner with Capitol through OSC and TIPS?

- 1. Direct Savings & Clear Process:** Through OSC and TIPS, you access pre-negotiated contracts and pricing that's already been checked out. **You'll save time and money by skipping those drawn-out bidding processes.** You'll also have full confidence in transparent pricing and avoid markups often added by other parties.
- 2. Vetted Procurement Standards & Peace of Mind:** Both OSC and TIPS contracts go through rigorous evaluations to ensure they meet state and federal procurement requirements. **This thorough vetting saves your district significant time and money by eliminating the need to obtain multiple quotes, interview, and prequalify other contractors.** Gain legal clarity and peace of mind that your investment is sound and meets all necessary purchasing rules.
- 3. Efficient Projects When It Matters Most:** Our partnership streamlines the buying process, helping you **move forward with crucial window and door renovations faster and more efficiently.** That translates to operational savings and quicker improvements for your students and staff.

TIPS CONTRACT
NO. 260104

Our goal is straightforward: to make your window and door replacement process easier, more affordable, and perfectly aligned with your purchasing needs.

One-Stop Solution: Manufacturer & Installer

We specialize in **designing, building, and installing** premium-grade architectural aluminum window and entrance systems. This means seamless project management from start to finish.
