PROJECT SUPPORT & PREPARATION

Contractor Provided Take-Offs

Contractors provide their own material take-offs, which Capitol will review for accuracy and feasibility to identify potential discrepancies or challenges that could impact the project.

Project Optimization & Value Engineering

Capitol collaborates on project design, providing value engineering by analyzing material and fabrication processes to optimize efficiency and meet budget goals.

Detailed Drawings & Engineering

Capitol provides precise and detailed shop drawings to ensure accuracy, proactively address potential challenges, and streamline project execution, minimizing on-site delays.

FABRICATION & QUALITY ASSURANCE

Premium Materials, Made in USA

Capitol utilizes reliable material sourcing and preparation processes to ensure the quality and durability of all fabricated components.

Exceptional Craftsmanship

Our experienced fabricators and robust quality control procedures guarantee precise manufacturing and minimize the risk of errors.

Material Handling & Trailer Loading

We prioritize organized material handling, packaging, labeling, and systematic trailer loading to streamline on-site unloading and installation.

ON-TIME DELIVERY & SUPPORT

Efficient Delivery Solutions

Capitol offers reliable lead times and delivery options to keep your project on schedule and minimize downtime.

Technical Support Team

All product shipments include standard installation instructions. Our team is available to answer questions and provide support during the installation process.

Product Reliability & Warranty

We stand behind the quality of our products with comprehensive warranties. Our focus on reliability and longevity help minimize contractor callback and ensure long-term customer satisfaction.
